

ARM Offering NINJIO's Cyber Awareness Suite, **Prodigy Plus**

If you purchase cyber liability insurance from ARM, you will now be able to access the NINJIO platform for all your employees!

Packages Include:

- Monthly cyber awareness videos (five minutes or less)
- Monthly Infographic
- New Hire Pack
- Compliance Packs (HIPAA, GDPR, PCI)
- Phishing

All programs can be automated for you, or you can operate them on your own.

To get going, contact your Account Executive to get the invite to a special onboarding meeting **November 16**.

NINJIO

Prodigy Plus

The Full Solution

The Prodigy Plus package gives your team the full NINJIO methodology and all the benefits at the greatest value we have to offer so you can reduce your organization's cyber risk.

BEHAVIOR-CHANGING CYBERSECURITY AWARENESS TRAINING

★★★★★

CUSTOMERS PREFER PRODIGY PLUS

Customers who need simulated phishing and awareness training nearly always choose Prodigy Plus due to its extreme value and ease of use.

Prodigy Plus combines engaging & personalized training, advanced simulated phishing, and insightful reporting to change individuals' cybersecurity behavior. Our attack vector-based training keeps employees aware of the latest cyber threats, while our new behavioral science-based training focuses on human emotions to help people understand the social engineering behind cyberattacks. A proprietary risk algorithm identifies users' social engineering vulnerabilities based on phishing simulation data to inform content delivery.

- ATTACK VECTOR TRAINING
- BEHAVIORAL SCIENCE TRAINING
- STREAMLINED PHISHING SIMULATIONS
- COMPREHENSIVE MANAGED SERVICE
- INSIGHTS & OUTCOME REPORTING

Formal onboarding starts in December to have you up and running in 2024!

If you are already using NINJIO, inform your Account Executive who will connect you with an ARM NINJIO rep to move your existing program into the ARM/NINJIO space.
